---

### ***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Natural Resources may promulgate rules establishing qualifications for persons applying for commercial fishing licenses for fishing in the Great Lakes. These rules include a requirement that, in order to qualify for a license, an applicant must have harvested in the previous license year at least a certain amount of fish. This bill prohibits minimum harvesting requirements.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
